ABOUT COMPANY

PT. Nusindoprima Indah is a company engaged in the sale of advertising and road safety products. We serve the outdoor signage market and were founded in October 1992. We are committed to providing quality products manufactured by leading global companies, which provide assurance and a sense of security for our users.

To support our services, we operate from a modern 5,400 m^2 workshop located in Cikupa, Tangerang. This workshop is equipped with our own production machinery, including a cutting plotter, custom embossing machine, CNC machine, laser cutter, and heavy-duty steel bending machine. Furthermore, we have our own paint studio equipped with an oven to ensure high production quality and finish.

We have professional staff in the field of Architecture, Civil Engineering, Engineering as well as an experienced Design Team.
